

1. OPEN THE DOOR

LET THE SUNSHINE IN!

One day it dawned on me.
It has to start with Joy!
Not giddy, human joy - no, no, no!

The Joy that can only be found
when you open your heart's door
to let the SUNSHINE of GOD's love in!

This changes everything!
This makes everything else possible!

JOY: A calm luminosity inside of you that lets you savor and interpret the life around you. As you open the doors of your heart and mind, this feeling can become the food for your passion!
